Resident Centered Pain Care: Creating & Sustaining Practice Changes

Q&A Session Follows

Conference Call #3 | Tuesday, July 18, 2006 | 1:30 – 2:30 pm

Featuring
Carol P. Curtiss, RN, MSN

Carol P. Curtiss received her Diploma in Nursing from the Massachusetts General Hospital School of Nursing in Boston, MA. Her Bachelor of Science in Human Services is from the America International College in Springfield, MA and her Master of Science in Nursing with a clinical specialty in cancer nursing from Yale University in New Haven, CT. In addition to being a nationally accomplished speaker, she is a prolific author.

“The best way to manage most types of pain is to develop a comprehensive plan that uses a variety of interventions, including non-drug therapies and medications.”

— Interview with Carol P. Curtiss, RN, MSN: www.pain.com
