

“Your pathway to improving patient care through technology”

DOQ-IT University is an interactive, web-based learning environment available to Quality Improvement Organizations and physician practices, offering learning tools to facilitate the adoption and application of Health Information Technology and Care Management strategies.

1 How to register for DOQ-IT University

1. Point your browser to **<http://elearning.qualitynet.org>**.
2. As a new user, you will be instructed to click the **Register** link.
3. Choose your **Root Organization** (i.e. Health Care Provider/Organization).
4. Click the **Next** button.
5. Choose the applicable **Sub Organization** (i.e. Physician - Primary Care).
6. Click the **Submit** button.
7. Complete the **User Profile** Information on the Registration Page.
8. Licensure/Certification sections are optional fields.
9. Click the **Submit** button to enter the QualityNet eLearning Center where your registration will be verified.

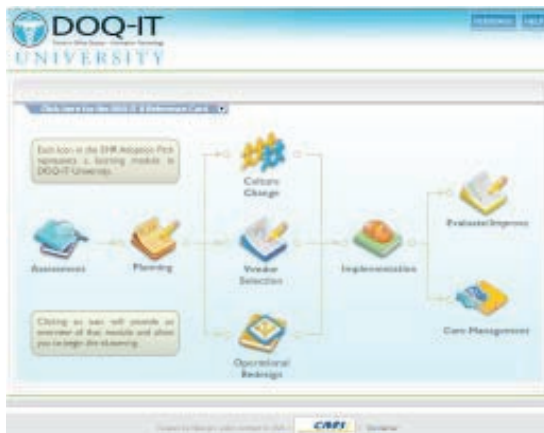

2 How to access DOQ-IT University

1. After you register, click on the **Course Catalog Tab**.
2. Select the **DOQ-IT University** link.
3. You will be presented with a description of DOQ-IT University. Click the **Take Course** button to begin.
4. A new window will open. Click the **DOQ-IT University** link on the left side of the page to enter the course.
5. On subsequent visits to the eLearning Center, the DOQ-IT University course link will appear on the home page after you have completed your logon.

3 How to use DOQ-IT University

1. Once the course is launched and you've accepted the terms and conditions, you will see the EHR Adoption Path; each icon represents a learning module that you can select.

2. Clicking an icon provides an overview of that module and allows you to begin.
3. Each module consists of a set of lessons with robust tools to assist you through the EHR adoption phases.

We value and welcome your feedback. Please send us your comments via the feedback link at the end of each module.
